	:	CONSENT ORDER
TO PRACTICE AS A	:	
REGISTERED NURSE IN THE	:	
STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Nursing ("Board") upon receipt of information that respondent, while employed as a nurse in September of 2011 at St. Peter's University Hospital, although advised by the parent of a five month-old infant patient of a possible problem with an IV, persisted in attributing the infant's crying to other causes,

without checking the IV until an hour and a half after starting IV fluids. The infant's hand became swollen. There was no documentation of an assessment of the IV site or of the fluid administration within one hour, in accordance with facility policy. Respondent maintained that she intended to assess the IV site within one hour, but that she had been busy with other patients.

The Board finds that respondent's conduct, as set forth above, constitutes a violation of N.J.S.A. 45:1-21(d).

The parties desiring the resolve this matter without further proceedings and without admissions, and the Board finding that entry of the within order is appropriate, and for other good cause shown;

IT IS on this 30<sup>th</sup> day of May, 2014

HEREBY ORDERED that:

1. A public reprimand is hereby imposed upon respondent for the violation of N.J.S.A. 45:1-21(d).
